

Teen Spending Survey

For the past 22 years, Piper Sandler has surveyed teen spending twice a year. In their latest survey, 14,500 teens responded with the average age being 16.2 years. Here are some of their findings. The following tables list:

- Average teen spending each year from 2015 through 2022
- The percentages spent by category
- The percentage spent by gender

1) Use the 2022 average amount spent (\$2,367) to complete the table by calculating the amount spent for each category.

Year	Average Teen Spending Per Year
2015	\$2,713
2016	\$2,610
2017	\$2,549
2018	\$2,600
2019	\$2,640
2020	\$2,270
2021	\$2,165
2022	\$2,367

Category	Percentage Spent 2022	Females	Amount Spent 2022	Males	Amount Spent 2022
Clothes	20%	29%		16%	
Food	19%	22%		23%	
Video Games	10%	1%		14%	
Car	9%	7%		10%	
Shoes	8%	6%		8%	
Electronics	7%	4%		8%	
Personal Care	7%	11%		3%	
Fashion Accessories	4%	6%		2%	
Other	4%	2%		5%	
Events	3%	4%		4%	
Furniture	3%	3%		2%	
Music	2%	2%		2%	
Books/Magazines	2%	2%		1%	
Movies	1%	1%		1%	

2) Using the categories in the table, list the categories in the order that would fit your personal spending.

1)	4)	7)	10)	13)
2)	5)	8)	11)	14)
3)	6)	9)	12)
